

PRE-CONFERENCE COURSE- 2 FACIAL AESTHETICS OVERVIEW

The latest trends in health and skin care result in an increased demand for skin repair and rejuvenation services and skilled practitioners. Patients prefer to receive these services from a trusted doctor. Meeting your patient's aesthetic concerns and helping them to regain their healthy appearance and confidence will build long-term loyalty. You can expect to develop solid foundation knowledge in the safe practice of highly requested and low-cost to deliver aesthetic treatments for clinical conditions, along with the medical and business knowledge required to integrate the services into your practice. The course features interactive lectures, case discussions, live demonstrations and practical sessions.

OBJECTIVES

Introduction & Concepts of facial aesthetic
Introduction to facial anatomy and skin classification
